

VinoShipper

VinNOW has the ability to import orders from VinoShipper.

The information exchange between VinoShipper and VinNOW is done by exporting from VinoShipper and importing in VinNOW.

VinNOW does not have any control over what information is exported from VinoShipper

It is our understanding that in VinoShipper the VinNOW export can be found under your Account Menu, Integrations, VinNOW, Get New Export. If you have difficulty finding the export please contact VinoShipper support.
