

ShipCompliant

ShipCompliant is a Sovos company that solves beverage alcohol compliance through accurate, real-time technology.

Since 2004 VinNOW has joined forces with ShipCompliant to take care of your shipping compliance. A rich integration without the risk of losing data through exports makes for complete, accurate, and fast compliance maintenance. Save time by reducing tedious compliance work and feel confident that requirements are met.

One Click Auto Population

Generate one-click, auto-populated compliant state reports for shipping and taxes via ShipCompliant or you can have ShipCompliant file reports directly for you.

Accurate Tax

Charge accurate state sales tax to the zip code and county level for both onsite and offsite shipping orders with zero tax table maintenance.

Wine Club Compliance Checks

Wine Club order compliance checks for accurate shipping volume, allowable date range quantities and compliance determination, prior to credit card processing.

"Real time" shipping order compliance checks

Check tasting room shipping orders at the point-of-sale for compliance against the latest state shipping rules protects your business and improves customer experience by handling any shipping constraints in person.

Always Compliant

Confidently accept compliant shipping orders in the tasting room without spending hours keeping track of often changing shipping legislation.

Stored Orders for Verification

Shipping orders are stored in ShipCompliant for accurate state compliance checks and address verification.

Products updated in real time

Products added to and updated in VinNOW are automatically reflected in ShipCompliant.

Send to Fulfillment Houses

Orders can be sent directly to many fulfillment houses via ShipCompliant, no exporting and importing of order files necessary.

Reporting

Report everything sent to ShipCompliant. VinNOW is one of the industry's first and most integrated leaders to partner with ShipCompliant.
