	Total	\$46.20	\$69.00	\$115.20	3	\$38.40	5	\$23.04

This report shows the sales in the Tasting Room broken into Wine Club customers and Non-Wine Club or "Regular" customers. It will also show the total number of orders and calculated average sale, the number of tasters and calculated average sale by as determined by number of tasters.

If there is not a sale during the hour the hour will not display.

If the hour is displayed it is at the start of the hour that the sale was made in. For example, if there is a sale that occurs at 930am the "hour" column will reflect 9AM and will cover all sales between 0900 and 0959.

The dollar amounts displayed are based on the actual sale price of the product after discounts and do not include Tax, Shipping or sales to Wholesale customers.

The column for wine club sales includes any products sold to customers **currently** in a wine club.

Note: Suspended sales are not counted on the Sales by Hour report until the sale is cashed out/completed

Note: Tasting Room Sales by Hour report will only list sales developed in cashier.
