

ShipCompliant Upload Log

The ShipCompliant Upload Log records the information sent to ShipCompliant from sales in VinNOW. The report is searchable by daily to a date range and criteria of ShipCompliant request, packing slip number and customer ID.

The ShipCompliant Report will list:

Date/Time -When the upload transaction was sent or received.

ShipCompliant Request- The type of data that was sent to or requested from ShipCompliant.

Data- a synopsis of the data that was either sent or received
